

Student to Student The Admissions Hotline

Weekday evenings this summer the lights have been on at Irwin. Students in the Medical Lab Technician Program man the Admissions Hotline, after their regular work hours, to telephone prospective students. "You wrote for information . . . we really feel if you made a visit you would choose Lasell," a typical conversation begins.

Students making the calls explain the benefits of an associate degree. With a two year degree there are more options whether you plan further study, a career or homemaking. Lasell offers the economy of a two year program, as well as preparation and training designed for women today.

Results from the Admissions Hotline, initiated in March, are encouraging. Calls provide a student-to-student contact, going beyond the ordinary effort, to offer the very personal service that distinguishes Lasell.

Summer Nursing Course in Maternal and Child Care

Over the summer 56 Lasell nursing students participated in an 8 week experience in maternal and child care at Children's Hospital Medical Center and Boston Hospital for Women. Each student spent 2 days in the classroom and 3 clinical days each week. Obstetrical experience included care for mother in labor and delivery, and mother and child care following delivery. New this summer was the Alternative Birthroom opened at Boston Hospital in response to patient demand for a homelike atmosphere. The Birthroom is provided for labor, delivery and the hospital stay, continuing the existing family centered approach.

Living in McClelland Hall the nursing students completed the third term of their five term program in July.

Dear Class of 1978:

I welcome you with great pleasure to the Lasell Alumnae Association, an association of girls, like you, who attended Lasell. We support our College, not only through the Annual Fund and by providing scholarships, but also by suggesting Lasell to prospective students. The Association keeps you in contact with classmates and the College through Reunions, the Bulletin and Alumnae Council. Career assistance and travel programs are offered. Please send address changes and news to the External Affairs Office.

On behalf of the Alumnae Association congratulations on your graduation and best wishes for the future.

Sincerely,

Senior Citizens Welcome Preschoolers

Rockwell Center preschoolers with teachers Elaine Cavanaugh, Janet HART Wilson '53, and Anne SUTHERLAND Rollins '60 visited the Chetwynde Nursing Home. To carry out a philosophy that "considering others enriches," the group brought spring decorations they made and sang songs. The visit was coordinated by Chetwynde's Recreation Director and Lasell students in Child Study and Community Recreation. Rockwell serves as a lab school for Child Study majors. Recreation majors train to work with children, the elderly and handicapped. The afternoon was rewarding to both young and old.

Admissions on the Move

Admissions applications to Lasell have increased in recent years. An applicant pool allowing Lasell to choose the best is essential. Most frequently young women visit the College at the urging of our alumnae. I am impressed with alumnae enthusiasm. When prospective students and their parents are invited to alumnae get-togethers their impression is most favorable. The College is proud of the Lasell woman. The impression you make is positive and powerful. With your help we will keep Lasell strong. Thank you.

— Harry Adamian,
Dean of Admissions

Among the interesting personal bits we heard . . . **Margaret BEHRENS** is still in CT working with the elderly and in community affairs. **Evelyn BOSTEL Dotterer** has her own Redwood Realty Co. in Newport, RI. **Phoebe DOTTEN Low** "retired in the NH White Mts. and love it." We were saddened to hear of the passing of **Dorothy FRAZER Wahl**. **Helen HAWES Loomis** "Hawsey" wrote a long letter about the family in case she didn't make reunion, but in spite of a stroke in 1976 she came with husband Perley and with the same bounce and enthusiasm of 50 years ago. **Edith HUSSY Adams**, Little Compton, RI, visited her eldest son in Hawaii and her youngest in FL—"a joyous time for all." **Tinker PAIGE Colon** sent a red rose for each classmate, but arthritis interferes with her travels. **Dixie PLUMMER Edmunds** has 2 daughters, a son and 8 "grand-kids." A follow-up operation kept **Janet SCOTT Morse** from Reunion. We hope she is doing well. **Hester SHAW Gordon**, busy with the family florist business, was unable to attend. She and her brother plan a boat trip this year up the Nile. **Bettie SMITH Scollon** is semi-retired but active in choral singing with her husband in the San Francisco area. She and sister Janet, who is married to a minister, manage a lunchroom together. **Vera STUDLEY Warner** says the class baby, Jeanne, lives in FL and granddaughter Shawn (20) has just graduated from U of FL. **Marjorie TAYLOR Flemming's** children—since Marjorie's tragic death—write to **Trudy WAGNER**. All four are happily married. Trudy also hears from **Vivian JOHNSON Krick** and **Gladys PURDY O'Connor**, both have lost their husbands.

Greetings from **Elmere COUTURE Wheeler**, **Kay FORGEY** and **Libby STAHL Mott**. Begin 55th plans now. Reunion is too much fun to miss!

Youngest son Rick, a Burlington High graduate, hopes to attend the East Coast Aero Tech School, Lexington, MA. Her 4 other children live close by. "We visit back and forth often."

1948 — 30th REUNION

Our Reunion was a smashing success, thrilling to see Lasell friends after as much as 30 years. Wow! Do you believe it? Honestly, when they announced we were celebrating our 30th, we all looked at each other for seconds, then stood up. It was as if time stopped and not 30, not even 1 year had passed, we were suspended, as in a dream, a beautiful feeling of warm friendship pervaded. Those not with us missed a wonderful unforgettable day. We vowed to be all together at the 35th. Reunion attendance was 15 (see photo).

1943 Reunioners—Class Chairman, **Nathalie MONGE Stoddard**

1948 . . . continued

We found changes and tremendous progress. Lasell is in step with the times.

Remember sports with Miss Mac? She visited us, recalling incidents some had long forgotten. After much Reunion planning, our beloved Chairman **Christine LAABY Wellemeier** could not attend. Confined to a wheelchair for years, in May Chris had to undergo brain surgery once again and never recovered. Her boundless enthusiasm and

1948 . . . continued

great courage despite handicaps was an inspiration. She died on June 8th. Donations for Lasell library books will memorialize Chris. Contributors please make checks payable to the Winslow Bookshelf and mail to the Office of External Affairs.

We discussed a memorial for **Nancy O'ROURKE Trevisan**, collecting \$60. An annual award to a deserving Social Science student will be made. **Jane O. Gaffney '42**, Nancy's sister, informed us that she died suddenly on a Sunday in July, 1977 of a cerebral aneurysm at home in Farmington, MI—no previous symptoms, she collapsed, went into a coma and never regained consciousness. Nancy had 10 beautiful children, the youngest aged 2. At one time the family was pictured in many Maytag ads.

Accolades to **Martha KENNEDY Ingersoll** for traveling furthest, from Canton, OH to Reunion. Bless her heart—what a fun houseguest she was with **Sharkie SWEET Ramsey** from Schenectady.

Of Special Interest: Asked to honor classmates for achievements, we agreed each of us was outstanding in our own way, but we gave special praise to **Bettylou BOLSTER Schwartz**, Eastern Middlesex Director, Federation of Garden Clubs of MA. She deserves credit for the hours, grit and determination it took to reach this high position. However, according to Bettylou "Guiding our boys, watching them grow into fine young men has been the greatest joy." Son Jay, 24, recently married, is an electrician and Northeast Inst. graduate. Aubrey, 20, a Franklin Inst. graduate. **Sophia SOFRANOS Johnson** is President and owner of Realty One, Westwood, MA. She received national recognition as a forerunner in designing a computerized real estate system. Sophia always was a dynamo. Sounds like we may have two Who's Who candidates.

Regards from **Doris TREFNY Iandoli** who regretted missing Reunion.

Jeanne WILLIAMS Watz "Sorry to miss Reunion. I co-chair the Annual Sale for The Child and Family Agency which ends with an evening party for workers on May 12th. My being able to 'Get up and go' by 7 a.m. the next day 'went' so I'll look forward to Bulletin news of 48'ers. Boys and Joe are fine. Been a mother-in-law for 4 years but not a grandmother. Betsy CURTIS Winquist sent greetings. "In frigid Wisconsin, we're in winter coats. Brr! But the tulips are blooming—when the sun is out. Oldest son Doug works 80 miles north in Appleton. The girls are in college: Martha in VA and Karen in WI, near Minneapolis—where it's colder. Stuart is a high schooler. I'm teaching and busy in church, civic affairs and AAUW. August '77 **Starr MAXON Winquist** (sister-in-law) visited. We lunched with her roommate **Dusty YOUNG Jacobs**—just before Dusty moved East. It was fun. Have a good time everybody!"
